The driftwood used for our collection is collected from the riverbanks in the Philippine countryside after the rainy season and reclaimed to make this collection. Both Eco-friendly and durable, these pieces are hand crafted over a sturdy wood frame to create unique furniture and matching accessories. Glass tops, to show off the lovely texture, are included with all the tables.
The natural color variation of our abaca flat weave brings warmth to the simple and modern shapes of the Contemporary Collection. Its rich colored legs are made of plantation grown and government certified hardwoods. Perfect for hotels and larger homes, this oversized design is a retreat from the ordinary.
