

Dear Friends,

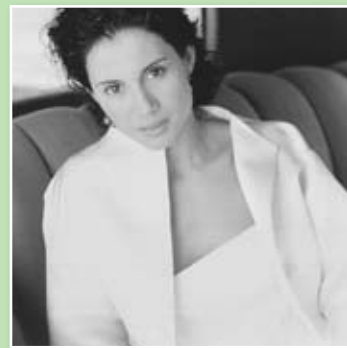

I am excited to present to you our latest additions to our Best-selling Inside/Out collection! As always, our outdoor lines are perfect for use in both indoor and outdoor environments. As you browse through our catalog, you will find that we have designed the outdoor collection that you, our valued customers, have been asking for: Outdoor furniture that looks as unique and special as our indoor collections.

For our Inside/Out Collection, every piece is hand-woven, making each piece unique—as individual as the artisan who crafted it. Some of our Outdoor wicker is actually finished by hand, creating incredible depth and mimicking the color variances of natural materials. Don't be surprised if your customers cannot believe that these fine furniture pieces can stay outside year-round!

I invite you to create an environment outdoors where you can sit back, relax, and truly escape your busy lives. Your Oasis of peace and relaxation should be as beautiful and unique as your own home, an expression of your individual style. Inside, you will discover the special furniture that will help you create and live

*the life you imagine...
both indoors and out!*

Con Cariño,
Renee Maria

Padma's Plantation is a nature-inspired company that focuses on crafting furniture of natural materials including renewable resources like bamboo, rattan, and abaca to create fine furniture and accessories that evoke the tropics and all it entails. Like the easy-going, laid back style enjoyed by those who live in warm climates, Padma's Plantation designs are casual and comfortable.

Outdoor Living...

The Padma's Plantation Inside/Out collection was designed with the goal of creating the most unique and durable outdoor furniture which could withstand demanding use and extremes in weather. The result is a collection that feels just as at home anywhere inside your home as it will outdoors.

- Hand-crafted of the finest all-weather materials, our finishes have been developed with a total focus on durability and retaining their quality feel and appearance for years to come. Our product line resists the discoloring effects of the sun, moisture, and temperature, resulting in an amazingly natural-looking product that can be enjoyed in any environment.
- The Padma's Plantation Inside/Out collection is UV resistant, water repellent, frost-proof (except mosaic tops), as well as mold and mildew resistant. It can withstand the different seasons: pouring rain, burning sun and the freezing snow.
- Our all-weather cast stone outdoor table top surfaces offer the rich appearance of natural materials but with increased durability. They are finished by hand to imitate the natural beauty of crushed bamboo and hand-chiseled mactan stone.

CARE:
Clean away any spills or debris immediately for best results.

FABRICS:
Use a soft cloth and mild soap and water. For Sunbrella fabrics, cushion covers may be machine-washed in cold water with mild laundry soap and air-dried. For more stubborn stains, Sunbrella fabrics are also bleach cleanable.

WEAVES and CAST STONE:
Use a soft brush with mild soap and water.

MOSAIC:
As the last step in hand crafting your Padma's Plantation natural stone mosaic top, a special sealant is applied to resist moisture penetration and staining. We recommend that you re-apply a quality marble sealer at least twice each season. Important: mosaic tops should be taken inside during cold winter weather. For regular cleaning, use a soft cloth with mild soap and water.
